RED HAT ANNUAL CONVENTION / PARIS HOTEL & CASINO, LAS VEGAS

*" Our ladies have not stopped raving about your show since you walked off the stage! We could not have booked a more entertaining and powerful presentation for **our Annual Convention, "Golden Age of Glamour" at the Paris Casino in Las Vegas!** I was stopped numerous times by our delighted members who could not say enough about how your performance affected and inspired them.*

The ladies who attend our annual Red Hat Society International Convention travel from far and wide, many coming all the way from England and other European nations. They come to have fun, meet their friends and experience the solidarity and love that the "Red Hat Society" offers them. This convention has been one of our biggest successes, not in small part due to your inspiring, uplifting and thoroughly entertaining show.

Many thanks to you, Toni. And David is a musical genius; that huge orchestral sound he magically seems to deliver literally filled every corner of that enormous room at "Paris."

On a final note, I want to thank Robin Fox for bringing your talents to my attention. When she told me about your show and assured me that it would be perfect for our "Golden Age of Glamour,"....Boy! Was she right!

The mix of music to video was perfect. Toni and her team were very professional to work with and our show went off without a hitch. We would definitely have them back again!

"Tonight was a very different night than I have experienced before at the "Headliner Night" of our Red Hat Society Convention. On that Saturday, we arrange a long and exciting day for our ladies, beginning early in the morning, so by the time we have presented all the awards and the executives have made their speeches, show-time arrives and many members of our audience are tired, pay little attention, stay for a few minutes, and then go back to their rooms, missing most of the show. In the case of Toni Morrell and David Dial, I did not see ONE lady leave throughout the entire performance. They weren't chatting or distracted, they were sitting on the edge of their seats in rapt attention...and that is no exaggeration! Congratulations to these Powerhouse Entertainers."

REPUBLICAN WOMENS' CLUB / WHITTIER, CALIFORNIA

" From the moment I spoke to Toni Morrell to perform at our club's fundraising dinner I was impressed with her professionalism and eagerness to give our club a night to remember. As a Ways & Means V.P. it is sometimes difficult to find a performer who is so accommodating and willing to give a performance of such high caliber.

From the moment she stepped on to the stage to the end of the show our guests - young and old – laughed and cried. Her stage presence mesmerized all of us! The only thing I can say is FANTASTIC! I would love to see her come back for another encore performance.

Toni and David we love you, please come again!
